- $\frac{1}{2}$ " lip on the door forms downward, but location of holes in this area is permissible.

- Dimension your features from the nearest dotted line
- Indicate measurement to center of feature (tool) selected. (Write number of tool if available)
- All dimensions are to the outside of the box (Ex: a 12"W x 12"H door will measure that to the exterior of box)
- Box Door is shown in flat form
